# ESTIMATES YEAR ENDING 31<sup>st</sup> MARCH 2013

## Responsible Financial Officer's Explanatory Foreword

### Introduction

1. The purpose of this set of budget papers is to present the results of deliberations by the Policy and Resources Committee in recommending to the Council the estimated financial requirements for the Council's activities during the coming year. The following paragraphs provide an overview of the proposals submitted, with the supporting detail set out in the documents elsewhere in this Budget Book showing: the Revenue Estimates; Capital Expenditure Programme; Fees and Charges; and the Funds, Reserves, Capital Receipts and Balances.

### Capital Expenditure Programme

2. The Capital projects for 2012/13 total £14.924 million. Where (non-Housing) projects are financed by borrowing, they have an immediate effect on the rate levy next year (and future years). Projects which use Funds, Reserves, Capital Receipts or Balances reduce the resources available for the future and are shown on the schedule of Funds, Reserves, Capital Receipts and Balances. Housing items are supported by Government grant towards the revenue costs. The estimated funding is therefore:-

<b>Source of Funding</b>	<b>Estimated Cost 2012/13 £'000</b>
Loan – Housing (Deficiency Grant)	8,979.4
Loan – Lower Douglas regeneration	1,883.0
Loan – Cemetery and Crematorium	1,203.5
Capital Receipts	935.0
Loan – Other Non Housing	563.7
Cremator Renewal Fund	438.5
General Revenue Balances	243.4
Plant Renewals Fund	328.3
ICT Fund	163.1
Housing Community Facilities Reserve	131.0
Derelict Buildings Fund	53.0
Building Maintenance (Commercial) Fund	2.0
<b>Total Sources of Funding</b>	<b>14,923.9</b>

### Estimates for Next Year

3. The overall position shown in the Revenue Budget Committee Summary indicates a budget requirement of £10,224,540 (a 0.49% increase). To achieve this requires a rate of 387 pence, which is no change to the rate levy for next year.
4. The Minister for Infrastructure (the Minister responsible for Local Government) did not set any targets, or give any indication of what level of Rate, Local Authorities should set. Last December the Council set targets for each Committee based on a standstill rate. Overall the Committees remained within targets apart from the increase in the Waste Levy. This allowed the Policy and Resources Committee to review priorities for spending at its special budget meeting. During the whole budget process considerable savings and reductions were identified, together with the increase in the Rateable value of the Borough, this has allowed for developments in services, without increasing the Rate.

### Changes to the Estimates for Next Year

5. Details of the rate levy are shown in Appendix A. There are a number of issues I would like to draw to Members' attention as follows:-

#### Increased Net Expenditure in the Budget

- a. The inflationary increase built into next year's estimates is £292,720 (an 11.1p rate increase). The estimated Inflation at 2.9% overall is considerably lower than the national rate for December 2011 (i.e. Manx Retail Price Index of 4.7%; CPI of 5.0%). It can be argued that the relevant rate of inflation is for all items excluding housing, as the Council is not exposed to such housing costs and this index is 5.0%. The effect of changes in interest rates is shown separately. This is a very low rate of inflation and therefore significant Revenue Reserves are being maintained to protect against unforeseen price and pay increases.
- b. The Department of Infrastructure gave notice to all local authorities on 28<sup>th</sup> November 2011 that the domestic tipping charges (waste levy) will be increased by 13.8% as of 1<sup>st</sup> April 2012. This will have an impact next year of some £83,000, a 3.1p rate, included in the inflation above.
- c. An increase in car park income was budgeted in 2011/12 as a consequence of the increase in car park fees, e.g. the all day fee was budgeted to increase from £4.50 in December 2010 to £5.00 in April 2011. These income increases did not materialise. The level of income received each month from January to December 2011 was less than the same month in the previous year. The budget for car park income has accordingly been reduced by £47,940. Increased costs of £4,980 are also included in relation to exhibition costs and printing. These items net to a 2p rate increase.

- d. The pooled rate of interest on Loan charges is expected to increase from 4.3% to 4.5% due to the recent downgrade of the Island's credit rating from AAA to AA+ which produces a growth of £31,620 (a 1.2p rate increase).
- e. £25,760 of extra cost is included for Street Cleaning Amenity. This mainly relates to workers previously employed on a seasonal basis who are now employed full-time, and some extra tipping costs. This is offset by savings of £4,000 by changing the method of collecting dog waste (a net 0.8p rate increase).
- f. The anticipated increase in Building Regulations income budgeted in 2011/12 has not materialised and a reduction of £18,880 has been made for 2012/13. The lower level of fees is expected to continue due to the economic downturn affecting the level of construction activity (a 0.7p rate increase).
- g. Leisure Services income (in various services) is budgeted to reduce by £19,880 (a 0.8p rate increase). This is a combination of smaller impacts, e.g. the cessation of Douglas Development Partnership's contribution (£7,350) to the hanging baskets scheme, reduced lettings for Pulrose playing fields due to the Ballafletcher complex completion (£3,820) and reduced Government grants £2,400.
- h. With the sale of Pulrose Manor House (negotiations are nearing completion) the £16,000 rental income in the base budget has been deleted for the 2012/13 budget (a 0.6p rate increase).
- i. The level of occupancy of the Market has continued to decline. An anticipated reduction of £12,860 in market rental income is therefore incorporated into that service (a 0.5p rate increase).
- j. The size of the Parks and Gardens fleet has increased leading to an additional £12,640 in Transport & Plant costs (a 0.5p rate increase).
- k. Garage and Fleet service costs have increased by £11,350. This mainly relates to increased fuel costs, partially off-set by maintenance cost savings (a 0.4p rate increase).
- l. The level of income from Douglas Golf Course has declined despite the introduction of the monthly direct debit payment option. Income is budgeted next year to be £11,000 lower than the 2011/12 budget (a 0.4p rate increase).
- m. As savings outweigh increased expenditure, a balancing contribution has been made into reserves of £12,990 (valued as a 0.5p rate).

## 6. Savings included in the Budget

- a. The 2011/12 budget included 6 months Kerbside costs of £110,000. The 2012/13 budget is prepared on an integrated basis, so has a budget of nil for Kerbside. A number of changes are being made to the way the Refuse service operates including providing a shared service with Braddan Parish Commissioners including a Kerbside Collection Service. This includes avoiding increased tipping charges by recycling

and income from selling recyclable materials. There are, however, increased vehicle costs (mainly due to fuel costs). The final change is an overall reduction in Tipping Charges of £62,000. In total these changes net out to £137,820, a 5.2p rate reduction.

- b. Net economies have been made in employment costs of £118,470 (a 4.5p rate reduction).
- c. A 0.5% increase in penny rate product is anticipated for the coming year (a 1.9p rate reduction).
- d. Savings of £9,100 in the new contract for cleaning in Shaws Brow and anticipated government grant increase of £39,150 give a 1.8p rate reduction to the Shaws Brow Car Park service.
- e. Reduced Plant saving of £37,780 together with waged savings of £19,470 are offset by increased tipping charges (£2,530) and a reduction in the Department of Infrastructure's Street Cleaning Agency sum by £9,000. These Street Cleaning Agency Service items net to a reduction of £45,720 to the ratepayers (a 1.7p rate reduction). The total rateborne deficit (after adjusting for depreciation, plant renewals costs and inflation) for 2012/13 is estimated at £123,170 (2011/12: £153,320).
- f. The budget for use of Consultants has been reduced by £23,210, a 0.9p rate reduction.
- g. The training provision has been reduced by £20,000, a 0.8p rate reduction.
- h. Reduced claimants on the Manual Workers retirement gratuities scheme valued at £15,730 gives a 0.6p rate reduction.
- i. Net savings from disposals of fridges, freezers and electrical goods of £15,380 at the Civic Amenity Site give a 0.6 rate reduction.
- j. Overtime savings of £15,780 on various Parks and Gardens Services will be made (a 0.6p rate reduction).
- k. A full year of rental income for the Nobles Park restaurant (£13,310 increase) is included in the 2012/13 budget (a 0.5p rate reduction).
- l. A number of small loans are to be repaid early from savings being made during the current year, to save ongoing loan charges of £12,920 (a 0.5 rate reduction).
- m. Additional income is anticipated at the NSC and the KGV Bowl of £11,910 (a 0.5p rate reduction). The Bowl element is covered by an agreement. A written agreement is being drafted for the NSC element
- n. More work internally is intended to reduce the legal fees on the Housing Service by £10,500 (a 0.4p rate reduction).
- o. A reduction in the Groynes maintenance provision of £6,030 and the new contracted Beach Cleaning arrangements will save £4,470, giving a 0.4p rate reduction for the Promenade and Beach service.
- p. Lower costs and increased fees income at the Crematorium total £10,480 (a 0.4p rate reduction).

## Additional Issues Arising from the Budget

7. The Crematorium and Chapel upgrade is shown in the Capital Programme as funded in its initial stage from the Cremator Renewals Fund. The comprehensive project has been discussed with the Department of Infrastructure (the Department) and they are monitoring the Capital Procedures stage reports which should achieve approval from the Department as the scheme relies on continuing grant for the loan charges arising from the capital costs. Should this not be forthcoming, the additional revenue cost implications will need to be offset by significant future year cremation fee increases, which would also require approval from the Department. The Capital procedures are progressing and the Council is working in partnership with the Department on this issue.
8. The Capital Programme for 2012/13 makes provision of £2.8 million for the redevelopment of Lower Douglas including provision of a new library, multi-storey car park and public conveniences. The additional revenue costs involved in the development of this site are shown in the revenue estimates. The Council recognises, that once this development commences, it will be committed to further capital and revenue costs in subsequent years to fulfil the development and occupy the facilities on the site.
9. The Department of Social Care (the DSC) has determined the public sector housing rent increase for 2012/13. The increase is 10%. However, the housing administration allowance is frozen at the 2011/12 level. Had the full funding of 7.5% of the rent been allowed the Rate impact would have reduced by £56,170. The approach taken by the DSC results in the following allowances as a percentage of rents for 2012/13:
  - a. Housing Administration - 6.74%
  - b. Maintenance – 28.54%
  - c. Sheltered Communal Facilities – 9.60%
10. It is not clear what allowance arrangements will be in place for local authorities for 2013/14. The Minister hinted that further changes to the funding position will need to be made, in order that social housing can be more “cost-effective and efficient” and “affordable” to taxpayers (whilst remaining affordable for the individuals affected). A consultation process will begin in the New Year
11. The Civic Amenity Site service includes the cost of administering the service, now that the Council administers the Joint Committee. The cost of operating and administering the service is budgeted to recharge to each of the participating eastern authorities, including Douglas. The revenue budget for 2012/13 has been approved by the Joint Committee.
12. The Golf Clubhouse Meadows Pavilion budget for lease rental income has been transferred to the Policy and Resources Commercial Lettings service, in line with all other General Fund rental income. This provides for an annual

10% rental contribution into the Building Maintenance (Commercial) Reserve for future building management and maintenance issues.

13. Apart perhaps from the Tramway buildings and Ballaughton Nursery the Market Hall building is one of the few major Council assets which remain needing further significant investment. There will, at some point be, a need to deal with the basement of the Market Hall. The Council has commissioned a public opinion survey to establish the public's views on the value of the market to Douglas. The results of the research and options for the future of the Market Hall will be considered soon.
14. During the past two years there has been significant use of the Plant Renewals Fund for purchase of new assets. This has made use of the cash flow surplus on the Fund to assist the local economy during the downturn. To allow replacement of these new assets in the future requires the funds to be built up over the life of these new assets. Current contributions are based on the scheduled replacements and the amount already in reserve. There are sufficient funds for the programme but this will need to be kept under review in future years.

#### Statement on the Robustness of the Budget and Financial Reserves

15. The Chartered Institute of Finance and Accountancy recommend that (as Responsible Financial Officer) the Borough Treasurer should review the robustness of the budget as it progresses through each stage. This includes reviewing the adequacy of the Financial Reserves.
16. The estimates have been drawn up on existing Council Policy and incorporate an adequate estimate for inflation. Large amounts are being committed from the various Funds and Reserves towards expenditure on specific items published as shown on the Funds pages and not for ongoing expenditure.
17. Having reviewed the risks to the budget with the Policy and Resources Committee I consider that the current control actions and levels of Reserves allow the Council to achieve the proposed service developments and investment in the town and are adequate to protect against the risks I have identified.

**Geoffrey Bolt**  
**Borough Treasurer**  
**Responsible Financial Officer for Douglas Borough Council**

## Appendix A

### Movement in Rate Levy between 2011/12 and 2012/13

	<b>Budget £'000</b>	<b>Changes %</b>	<b>Rate Levy Pence</b>

## Revenue Budget Reports Technical Notes

### Details of Columns

Description	Description of expenditure and income in each service. On the summary page this relates to services.
Code	Identifies the codification in the Council's financial information system.
2010/11 Actual	The expenditure and income for the financial year 2010/11.
2011/12 Annual Budget	The approved original budget for the current financial year 2011/12.
2012/13 Base Budget	The base budget for the next financial year 2012/13. This expresses the estimated cost of current policy at estimated 2011/12 prices. Generally it is the original estimate for 2011/12, adjusted to take account of approved changes, known adjustment items (listed separately), changes to prices and differences in volume of income.
2012/13 Inflation Budget	Estimated inflation for 2012/13. Different rates are applied to each type of expenditure and income for the relevant proportion of the new financial year estimated to be appropriate.
2012/13 Total Budget	The total budget for 2012/13, which comprises the sum of the two previous columns.

### Other Notes

Credit Notation:	Within the main budget report, all credit or income amounts are distinguished by the use of a minus sign e.g. -35,680.
Revenue Base Budget Changes	Growth and Savings for 2012/13. Where possible known savings have been included in the Base Budget. The amounts are the result of recommendations on items which affect the budget for the first time in 2011/12, together with the removal of one-off items that had been included within the current year's estimates.

## **Descriptions Explained – Expenditure**

Employee Costs	This is generally the cost of employment, including wages and salaries, appropriate for the service, although it also includes training.
Property & Fixed Plant	The costs of the Council's property and includes the costs of repairs and maintenance, buildings' property depreciation, electricity, gas, oil, cleaning, rents, rates and buildings' insurance. Also includes the costs of the Operational Services Centre.
Transport & Plant	This shows the costs of vehicles and moveable plant required for each service. It includes fuel, licences, vehicle insurance, hired vehicles, repairs and also vehicle depreciation costs.
Equipment, Tools & Consumables	Equipment, furniture, bins, stores purchases, protective and other clothing, Parks' supplies, books, etc. Also includes the costs of the Nursery.
Catering, Travel & Stationery	Costs of catering, travel, printing, stationery etc.
Professional Services	Costs of outside consultancies, audit fees, bank charges, court costs and professional fees.
Postage, Phone & ICT	Costs of postage, communications, telephones and computer hardware, software, software depreciation and consumables.
Insurance, Grants, Fees & Adverts	Conference expenses, membership subscriptions, general insurances, general costs and advertising. This heading includes any annual grant contributions.
Twinning & Affiliations	The cost of the Council's various twinning and affiliation arrangements.
Agencies & Contract Services	Use of contractors or agents to carry out services as well as tipping charges.
Transfer Payments	Includes prior year changes to the bad debt provision, rate discounts, Burial Act payments and rental losses from vacant non-HRA residential properties.
Central Support Services	Costs of financial and administrative support services. Also includes the costs of office accommodation; mainly the Town Hall.
Civic	Costs of Mayor's allowance.

## **Descriptions Explained – Expenditure (Cont'd)**

Councillors' Allowances      Allowances paid to Members of the Council.

Capital Finance      This now covers leasing charges alone, as loan charges and direct revenue financing costs are now shown at a corporate, rather than service, level.

## **Descriptions Explained – Income**

Government Grants	Government support for services.
Other Grants & Contributions	Grant support, other than Government, and any contributions to service provision from other bodies.
Customer & Client Receipts	Income from sales, rents, fines, fees and charges.
Interest Income	Income from interest received on investments, which is now shown as a corporate rather than service level item.
Other Income	Other small amounts of income.
Other Recharges	Recharges to other Council services.
Non Revenue Income	Mainly charges to the Pension Fund.

## **Services Explained – Public Health and Housing**

SH010 Architects	This service presents the costs of providing an Architects function. For the most part, this is in support of the Housing Revenue Account's capital programme, and so there is a contribution from the Housing deficiency arrangements with the Department of Social Care. The resulting rateborne net expenditure relates to the administration costs associated with this service (see SH120 Housing Administration below).
SH070 Crematorium	This service shows the costs of the Council's crematorium facility. The fees and charges should be at a level to achieve a break even position for the service, in order that the ratepayer's of Douglas are not subsidising this service on behalf of all of the Island's residents. There should be a net income position for this service, in order to match the required annual contribution into the Cremator Renewals Fund, which is designed to fund the eventual replacement of the cremators, and also (as of 2011/12) any loan charges payable.
SH090 Market	As of 2011/12, this service is now included within the Policy and Resources Committee's list of services.
SH100 Housing Service	This service amalgamates all of the elements of the Housing Revenue Account, including the expenditure on the Sheltered Accommodation units, together with those elements of the Architects Service and the Housing Administration function that are covered under the housing deficiency arrangements. All Housing rents income and housing deficiency grant from the Department of Social Care is also shown here.
SH120 Housing Administration	This service shows the cost of the Housing Administration function. Although the housing deficiency arrangements with the Department of Social Care allow for housing rents contribution allowance towards the cost of this function, there still remains a rateborne element of this service.

## **Services Explained – Public Works**

DL020 Kerbside Collection	As of 2012/13, this service is now amalgamated with SW220 Refuse Collection, following a restructure of waste services
SW100 Dog Bins	This service is now amalgamated with SW240 Street Cleaning Amenity, which also includes the emptying of litter bins.
SW220 Refuse Collection	From 2012/13 onwards this service now includes the provision of Kerbside Collection, above.
SW240 Street Cleaning Amenity	This service now includes the provision and emptying of dog bins, previously shown separately as a service SW100 Dog Bins, above.

## Services Explained – Policy and Resources

SP020 Central Admin & Secretarial	This service shows the costs of administration and secretarial support in each department. It also includes the cost of employee and public liability insurance cover and the cost of postage (excluding rates).
SP030 Legal Services	The Legal Service shows the costs of staff time engaged on legal activities (excluding debt collection) together with the costs of employing advocates.
SP050 Human Resources (HR) Service	HR costs are mostly the staff employed in HR, (as of 2010/11) the health and safety function and associated support service costs of office accommodation and ICT. The corporate staff training budget is also fully retained here as of 2011/12. Also as of 2011/12, contingency budgets for both the recruitment of agency staff and recruitment advertising expenditure are retained here. These are not recharged to services, as they are offset by budgeted staff turnover and paybill savings within the Financial Provisions service (SP190).
SP060 Town Hall	Shows the operational costs for the building. It includes; the security, repair and maintenance of the building and the running costs of manning, energy, rates, and cleaning. In prior years, this service was not fully recharged as capital financing costs were funded from balances.
SP100 Public Events	Shows the costs of civic and public events such as Civic Sunday, Fireworks display, the Fun Day, Armistice Day, Remembrance Sunday, Christmas Lights switch on, Twinning and Affiliations.
SP120 Corporate Management	This service shows the costs of the Council's bank account, the external audit, Chief Officers Management Team and corporate developments.
SP140 Member Services	This service incorporates the costs involved in supporting Councillors, including Councillors' Allowances and the cost of full Council meetings.
SP180 Financial Services	This service shows the costs of employees engaged in the budgeting and annual accounts work; including the fee for actuarial work on FRS17 accounting requirements together with recharges to other local authorities. It also includes the fees for internal audit work; risk management and insurance work and the cost of supervising both of these contracts.

## Services Explained – Policy and Resources (Cont'd)

SP190 Financial Provisions	This service includes a budgeted turnover and paybill saving, designed to offset the budgeted recruitment advertising expenditure and also cost of hiring temporary agency staff cover, which are showing within the Human Resources service budget (SP050). This service would also include any change to the Bad Debts provision or salaries and wage accruals at year end.
SP200 Income & Cashiers	The staff involved in the front of house cashier operation (including work on various direct debits) together with the Income Services staff involved in recovery (including court action) of debtors (rates collection is shown under SP250 Cost of Rate Collection). The administration of bonds, sourcing of loan finance and management of bank balances is also within this service.
SP210 Payroll & Payments	This service covers the staffing costs of those paying weekly wages, monthly salaries, monthly pensioners, weekly payments to suppliers and Councillors' allowances.
SP220 Information Technology & Communication (ICT)	This service shows the cost of the ICT team and the costs of all the Council's hardware (including replacement) and software (including annual licences) together with the costs of the Council's website. The ICT team also look after the telephone infrastructure in all the Council's buildings and also mobile phones (latter as of 2011/12). The balance on this service will be funded from revenue reserves.
SP260 Civic Property	This service shows the costs of land under the control of Policy and Resources and the maintenance of the Jubilee Clock and War Memorial.
SP265 Byelaw Enforcement	Previously known as Streetscene and Byelaw Enforcement, this service presents the Byelaw Enforcement function
SP270 Cleaner Safer Greener	This service presents the cost of the Council's CCTV facilities, cost of the maintenance of street nameplates as well as the expenditure relating to the Council's involvement with environmental campaigns and consultancy services provided by the Keep Britain Tidy Group.
SP280 Burials Act	This service presents the annual statutory payments to both the Braddan and Onchan Burial Authorities. Also included is the cost of maintaining St. George's Churchyard, which is also required under the Burials Act 1986.

## **Services Explained – Policy and Resources (Cont'd)**

SP290 Market Hall	Previously presented within the Public Health and Housing Committee's list of functions, this service presents the expenditure and income relating to the Borough's Market Hall only. The rental income received from the Old Market Hall is now in the Commercial Lettings Service although both properties are still recognised as market buildings in the Douglas Market Act 1956.
SP500 Pension Administration	This service shows the costs of operating the Isle of Man Local Government Superannuation Scheme including actuarial services, investment consultants, fund managers and contract administration of the scheme. The costs are met from the Pension Fund to which all employers with pension scheme members pay a contribution. The net rateborne cost is for the ongoing unfunded pension benefit payments to former employees of Douglas Borough Council, before they were eligible to join the scheme. This includes benefit payments in respect of those former employees previously working on the Horse Trams Service.

## **Notes on the Basis of Support Service Recharges**

1. Central support overhead costs need to be recharged out to front-line services rather than having a final rate borne service expenditure value. Each of these services is explained below
2. The ICT Service is charged on the basis of administration salaries, as their function is to support the officers of the Council. This also applies to the Central Administration and Secretarial Service and the Town Hall Service. The HR Service is charged on the basis of salaries and wages as that function supports all employees. All of these services are therefore charged to all services of the Council.
3. The Income and Cashiers Service is charged on the basis of income received. Legal Services is recharged based on an estimation of which areas of the Council's operations are determining the procurement of services from advocates. The Financial Services and Payroll and Payments Services are charged on the basis of gross expenditure on all services but are only charged to the following:-

Public Health and Housing Administration  
Housing Service Administration  
Leisure Services Administration  
Public Works Administration  
Policy and Resources Administration  
Drainage Services Agency  
Street Sweeping Agency  
Gully Emptying Agency
